From captivating compositions to virtuosic performances, these releases encompass a wide range of styles and showcase the creativity and artistry of today's jazz musicians. Here is our curated selection of ten new jazz albums released this month (December 2023) that you need to know about!

Dominik Schürmann Ensemble, *A Seagull's Serenade* (self-released)

Dominik Schürmann, the celebrated Swiss bassist and composer, has realized a lifelong aspiration by arranging his compositions for a twelve-piece ensemble in his latest album, *The Seagull's Serenade*. With contributions from esteemed musicians in the Swiss music scene, the album showcases a diverse program, firmly rooted in a profound appreciation for the swing, bebop, and hard bop eras. **Release date: December 1.**
